

CARE: Creating Active Responsibility and Engagement

Ensuring safety for children and youth in high-risk areas

- Creating:** Build a culture and environment of vigilance and safety. Your vigilance can prevent potential issues before they arise.
- Active:** Conduct regular and unannounced walkthrough observations.
- Responsibility:** Trust your instincts and act if something feels off. If you see something, say something. Uphold the Code of Conduct.
- Engagement:** Proactively safeguard children within your youth programs and facility. Educate parents and guardians about supervision policies and hold them accountable.
